ARRANGEMENT (TN00-7055-01))	

**ORDER GRANTING APPROVAL OF BELLSOUTH
CONTRACT SERVICE ARRANGEMENT (TN00-7055-01)**

This matter came before the Tennessee Regulatory Authority ("Authority") at a regularly scheduled Authority Conference on January 23, 2001 on the tariff filing of BellSouth Telecommunications, Inc. ("BellSouth") for approval to offer Contract Service Arrangement No. TN00-7055-01 ("CSA"). BellSouth filed Tariff No. 00-01133 on December 22, 2000, with a proposed effective date of January 23, 2001.

Based upon careful consideration of the tariff filing and the attachments thereto, the Authority made the following findings and conclusions:

1. The purpose of this CSA is to provide Primary Rate Integrated Services Digital Network ("ISDN") service to the customer identified in the filing. Primary Rate ISDN service supports the simultaneous transmission of voice, data, and packet services on the same exchange access line.
2. The term of this CSA is twenty-four (24) months.
3. Through this CSA, BellSouth is offering the customer a twenty-five percent (25%) discount on recurring charges and discounted non-recurring charges.

4. In its December 22, 2000 cover letter included with the CSA filing, BellSouth agreed to notify the customer that upon early termination of the CSA without cause, the lesser of the following termination liability charges would apply:

a. The amounts specified in the CSA the customer signed;¹

b. The total of the repayment of discounts received during the previous twelve (12) months of service, the repayment of the prorated amount of any waived or discounted non-recurring charges, and the repayment of the prorated amount of any documented contract preparation, implementation and tracking, or similar charges; or

c. Six percent (6%) of the total CSA amount.

5. BellSouth provided an addendum executed by the customer stating that the customer was aware of competitive alternatives available to it in Tennessee and that the customer and BellSouth have agreed on the termination provisions and that the termination charges represent a reasonable estimate of BellSouth's damages in the event of termination.

6. BellSouth supplied cost data which indicates that the price of services offered under the CSA exceed their long-run incremental costs. This data indicates that BellSouth has complied with the statutory price floor established in Tenn. Code Ann. § 65-5-208(c).

7. No parties sought to intervene in this docket.

¹ An addendum to this CSA defines the applicable termination charges as follows:

the lesser of (A) the sum of the repayment of discounts received during the previous 12 months of service, the repayment of any waived or discounted non-recurring charges set forth in Note 2 of the Agreement, and the repayment of the pro-rated contract preparation charge set forth in Note 2 of the Agreement; or (B) six percent (6%) of the total Agreement amount.

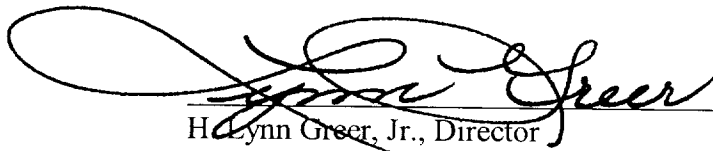

During the Conference, BellSouth agreed that the notice discussed in the December 22, 2000 cover letter was not necessary in those instances where the termination liability limitation language appeared in the addendum to the CSA. BellSouth noted, however, that it had agreed to provide the notice as an additional statement to the customer. After further discussion, BellSouth agreed to inform the Authority in future filings of whether the customer had received notification of the termination liability limitation language prior to BellSouth filing the CSA with the Authority. *See* Transcript of Proceedings, January 23, 2001, pp. 11 - 14 (Authority Conference).

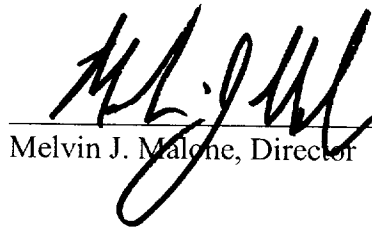

Based upon the foregoing, the Directors of the Authority unanimously determined that the CSA in this docket should be granted.

IT IS THEREFORE ORDERED THAT:

BellSouth Telecommunications, Inc.'s Tariff No. 00-01133, which seeks approval of Contract Service Arrangement No. TN00-7055-01, is hereby granted.
